## OTHER SERVICES

### SERVICE & REPAIRS

At Casey, we understand that product support is as critical to you as the price you pay for your machine, and we have built our reputation on delivering fast and reliable service.

Our Service Department is there to support you and your equipment, allowing you to keep operating costs and downtime to a minimum. With our team of qualified, manufacturer trained engineers we are able to offer advice and discuss the options open to you, as well as delivery a fast, efficient service.

Whether you are looking for repairs and maintenance, full diagnostic service, or a major overhaul, our Field Support staff are experienced in all kinds of construction, waste and quarrying equipment. So whatever your equipment, give us a call.

### PARTS

Whether your machine is new, or well out of warranty, our friendly parts department can help you.

With experience of many different types of equipment and industry uses, and a large stock of parts on hand, we can advise on cost effective solutions for you.
